Park Avenue Collection® Laminate Desking Casegoods

Office furniture must be designed as much for timeless styling as practicality of purpose. It should express the personality of the individual using it as well as the workspace available for its use. And it needs to stand up to the fast pace of today's businesses. Tough task. But Park Avenue laminate achieves these goals and then some. A smart, long-term investment, Park Avenue is smart now and smarter later.

It's modular functionality with beautiful style. Configure components for the best use of your space. They're so well engineered they fit together like seamless custom cabinetry. Then relax and enjoy the ease and elegance that is Park Avenue laminate.
